TRIBAL LAND ALLOTMENT AGREEMENT

All Shinnecock tribal territory, including allotted lands, is held in common by the Shinnecock Nation and is allotted under the authority of the duly elected Council of Trustees. There are areas on Shinnecock that have been designated for tribal use and will not be allotted for individual use. Any land transaction must be certified by five (5) current Trustees.

New applicants may be allotted land no bigger than 125 feet by 125 feet (125'x125') with an appropriate set back from adjacent properties at no less than 40 feet (40'). All buildings/domestic structures must not exceed the 125'x125' boundary, otherwise the allotment will be invalidated and said allotment will revert back to Nation. The applicant must be living in the home within three (3) years from the date of a land allotment certification, or upon completion of tribal services that allow the home to be livable. If tribal member is not living in the home within this time frame, the allotment will be invalid and the land will revert back to the Nation. The Nation will assume no responsibility for any monies, lumber or supplies that was put into said allotted land. Approved allotments will be issued a certified Official Record of Homeownership.

All homes on Shinnecock are to be occupied by a blood member or the blood member's spouse and their legitimate issue. Homeowners must list all Shinnecock relatives and non-Shinnecock family that currently reside in the home. In accordance with the Shinnecock Nation Residency Ordinance, all non-Shinnecock family, in-laws, step-family, and visitors residing in the home must have a Visitors Registration Form on file with the Tribal Enrollment Office, along with a copy of the person's birth certificate and/or a valid form of identification to continue residency.

I, _____ the undersigned, having read and understood the above, hereby agree to the terms set forth pursuant to the rules and procedures of Land Allotment ordinance.
